

Emergency Drills

The ESD will conduct emergency drills in accordance with the provisions of Oregon Revised Statutes.

Students served in ESD facilities shall participate in emergency procedures. The emergency procedures shall include drills and instruction on fires and earthquakes, and safety threats.

Instruction on fires, earthquakes and safety threats and drills for students shall be conducted for at least 30 minutes each school month. At least two drills on earthquakes and two drills on safety threats shall be conducted each year.

Fire Emergencies

Drills and instruction on fire emergencies shall include routes and methods of exiting the ESD facilities.

Earthquake Emergencies

Drills and instruction for earthquake emergencies shall include the earthquake emergency response procedure of “drop, cover and hold” during the earthquake. When based on the evaluation of specific engineering and structural issues related to a building, the ESD may include additional response procedures for earthquake emergencies.

Safety Threat

Drills and instruction on safety threats shall include appropriate actions to take when there is a threat to safety, such as lockdown procedures or other procedures appropriate to the safety threat.
