

## Google Chrome Web Reader for Bookshare Books.

Google Chrome Web Reader is a cloud-based reading tool for Bookshare Individual members. When an individual logs in at [www.bookshare.org](http://www.bookshare.org) on the Google Chrome Web Browser, the Web Reader is available with Text-to-Speech in Daisy Format. It is **ONLY** available to students with **Individual Memberships or teacher assigned student logins**. Books are accessed from the Cloud, so books can be read from any computer that has Google Chrome.

### CREATE STUDENT LOGINS

1. Log in to your sponsor account.
2. Select "Members"
3. Click on a student last name

<input type="checkbox"/>	Joe	Boberina	jboberina	ABC District ABC Elementary School	6	Yes	05/12/2006	Organization	Learning

7. The first time Web Reader is opened in Chrome, a message will ask if you want to install the Chrome Extension. This installs the text-to-speech (tts) capability to the Web Reader. Click Install, and then click Add when the next window opens.

8. You will get a message that the extension installed successfully. Click "Continue".

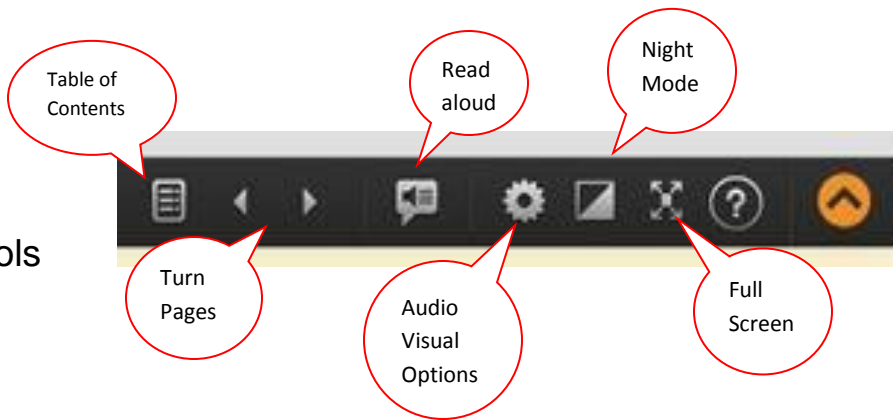

9. The book will open in the Web Reader.

10.

Controls

If text-to-speech doesn't work, or the voice is in a different language, then go to **Chrome Web Store** and download the **female text-to-speech voice**.
