

Developmental Disability Services Eligibility Overview

Diagnosis and evaluation information must be completed by professionals qualified to make a diagnosis in accordance with OAR (411-320-0080).

Eligibility for an Intellectual Disability (ID):

- A history demonstrating an intellectual disability, as defined in OAR 411-320-0020(65), must be in place by the individual's 18th birthday
- For those with consistent IQ results of 65 or less, an assessment of adaptive behavior is not needed if current documentation supports eligibility
- For those who have IQ results of 66-75, verification of an intellectual disability requires an assessment of adaptive behavior. Adaptive behavior impairments must be directly related to the intellectual disability and not primarily attributed to other conditions.*
- The condition or impairment must be expected to last indefinitely.

Eligibility for Other Developmental Disabilities:

- A history demonstrating a developmental disability, as defined in OAR 411-320-0020(37), must be in place by the individual's 22nd birthday
- Requires a medical or clinical diagnosis of a developmental disability.**
- The individual must require training or support similar to that required by individuals with intellectual disability. This is measured through adaptive assessments and means that the individual has a composite score at least two standard deviations below the mean (70 or less) on a standardized assessment of adaptive behavior administered by a qualified professional.
- Adaptive behavior impairments must be directly related to the developmental disability and not primarily attributed to other conditions.*

Additional Information:

*other condition, including but not limited to mental or emotional disorders, sensory impairments, substance abuse, personality disorder, learning disability, ADHD

** Developmental disabilities include, but are not limited to Autism Spectrum Disorders, cerebral palsy, epilepsy, Tourette's, fragile X syndrome, Prader-Willi Syndrome, fetal neurological disorders, Klinefelter Syndrome, TBI, PDD or other neurological disabling conditions that originate and directly affect the brain
