Reviewed/Readopted: 12/16/97

## Hazardous Materials Communication

The district safety officer, under the supervision of the superintendent, will develop and maintain a written hazard communication program for the district. All personnel who, during the performance of their duties, or in an emergency, may be exposed to hazardous chemicals will be informed and trained to deal appropriately with these chemicals. Employees will be trained to recognize and respond appropriately to the presence of hazardous chemicals. The Material Safety Data Sheet (MSDS) for any product used within a district facility will be available for employees within that facility.

END OF POLICY
