

Temporary District Facilities

The Board's aim is to have sufficient permanent facilities to meet the needs of the ESD programs. Rented facilities, movable units and other emergency housing may be inadequate for long-term purposes.

If circumstances require immediate space not available in public buildings, facilities will be leased or moveable structures will be used as a temporary measure.

The Board encourages the involvement of staff and the community in the decision-making process whenever possible. The superintendent will give due consideration to all such input in his/her recommendations to the Board. All final decisions regarding the use of temporary district facilities will be made by the Board.

Any such facility must conform to all appropriate federal, state and local building and land use codes, health and fire laws, environmental standards and provisions for accessibility and usability as required by the Americans with Disabilities Act.

END OF POLICY
